**Premier Lloyd George Announces Formal Trial of William Hohenzollern and Other War Lords of Germany will Take Place Soon.**

## HIGH TRIBUNAL WILL SIT IN LONDON

**Text of U. S. Treaty with France is Made Public and America is to Aid France Immediately if That Republic is Menaced by Germany.**

German Army at Present Inadequate to Worry Even Feeblest Neighbor, Announces British Premier.

LONDON, July 3.—The former German Emperor will soon be placed on trial. Premier Lloyd George made this announcement in the House of Commons today in his report on the peace negotiations.

The German army, the Premier said, was at present inadequate to disturb the peace of the feeblest of the neighbors of Germany.

The Premier declared that the tribunal which would try the former Emperor would sit in London.

The terms of the treaty with Germany in some respects were terrible, the Premier said, but terrible were the deeds which justified it and still more terrible would have been the consequences if Germany had succeeded.

German officers who had committed appalling infamy the Premier added, would also be placed on trial.

Mr. George declared that the British delegation had taken a stand resolutely opposing any attempt to put a predominately German population under Polish rule.

## AMERICA BOUND TO AID FRANCE

PARIS, JULY 3.—(Associated Press)—The text of the agreements between France and the United States and France and Great Britain were given out by the Foreign office late tonight.

The agreement with the United States cites articles of the peace treaty prohibiting Germany from fortifying either the right or the left bank of the Rhine or assembling forces within 30 miles west of the Rhine, and provides that in case these provisions do not assure France proper security and protection, the United States is bound to come immediately to the aid of France if any unprovoked act of aggression is made against her by Germany.

It is provided that the treaty shall be submitted to the council of the League of Nations, which will decide whether to recognize it as an engagement in conformity with the league covenant, and also provides that the treaty shall be submitted to the United States Senate and the French Parliament for approval.

## U. S. GUARANTEE BEATS THAT OF ENGLAND

PARIS, JULY 3.—(Associated Press)—"The guarantee pact," as the Parisian press calls the treaty between the United States and France, gives general satisfaction here.

All newspapers, however, point out that, according to the text of the instrument, America goes farther than England does in the treaty between France and that country.

By article one of the American-French treaty, the United States of America will be bound to come to the aid of France immediately, it is pointed out, while Article one of the Anglo-French agreement only says "England consents to come."

## ALLIES' BEST THE BOLSHEVIKI

(By Associated Press)  
London, July 3.—Successes against the Bolsheviks by the allied troops on the Dvina river and Murmansk railway front is reported in an official statement received today from Archangel.

## PASSES MID-OCEAN

(By Associated Press)  
On the left bank of the river the allies have captured Yakovlevskoe.  
London, July 3.—The Air Ministry announced shortly after 7:00 o'clock this evening that His Majesty's ship Renown, stationed in mid-Atlantic, had heard fairly loud signals from the R-34 at 12:13 o'clock.

## SOON TO FACE HIGH TRIBUNAL

WILLIAM HOHENZOLLERN

## PRESIDENT WILL ARRIVE TUESDAY AFTERNOON

Vessel Will Dock at 2:30 O'clock at Hoboken Pier

Wireless Phone will be Used Aboard Ship July 4th.

(By Associated Press)  
Washington, July 3.—President Wilson is expected to land at Hoboken at 2:30 o'clock next Tuesday afternoon.

Under present plans he will cross to Manhattan on the Twenty-third Street ferry and motor up Fifth Avenue to Carnegie Hotel where a reception will be held.

After delivering a brief address he will leave for Washington.

## WILSON AT WORK ON HIS MESSAGE

(By Associated Press)  
On Board the U. S. S. George Washington, July 3.—The George Washington with President Wilson on board probably will not reach New York before noon Tuesday next. The presidential fleet slackened its speed during the night and now is running at about 15 knots an hour.  
The weather continues good although the sea was rather choppy today.  
The President is devoting most of his time to his message to Congress.

## DENIKINE FORCES OCCUPY TZARITZIN

(By Associated Press)  
London, July 3.—The forces of General Denikine, the anti-Bolshevik leader in southern Russia, have occupied the city of Tzaritzin, on the Volga river, south of Sarapov, according to a Russian wireless report today.

His address to the soldiers and blue jackets on board, on the Fourth of July will be delivered from the cross deck with the army and navy men massed on the main deck below.

A novel feature of the occasion of the Independence Day exercises will be the first use at sea of the wireless telephone for transmitting a presidential speech. A transmitter will be placed alongside the president so that as he addresses the soldiers and sailors on board the ship his words will be heard on board all transports within a radius of 300 miles.

## HUNS TO RATIFY PACT SATURDAY IS ASSURANCE

(By Associated Press)  
Copenhagen, July 3.—The German National Assembly will deal with the treaty of peace between the allies and Germany on Saturday, and a majority for the ratification of the instrument has been secured, according to a Weimar dispatch to the Politiken.

## DIRIGIBLE TO ARRIVE SATURDAY

British Aircraft R-34 to Reach St. Johns, New Foundland Friday Morning.

MAKING GOOD HEADWAY

Has Passed Mid-Ocean and No Unusual Incidents are Reported by Wireless.

(By Associated Press)

London, July 3.—The British Air Ministry announced today that it is expected the dirigible R-34, now in mid-ocean on her trans-Atlantic flight to reach St. Johns, New Foundland, on Friday morning, and Hazelhurst Field, Long Island, early on Saturday morning.

The giant airship continued her progress today, and at 10 o'clock, Greenwich time (6 o'clock New York time) reported her position as 52 degrees 50 minutes north latitude, 34 degrees west longitude, indicating that she had gone due west 4 degrees since her report at 6:11 o'clock, Greenwich time.

## MAKING READY FOR BIG BALLOON

(By Associated Press)

Mineola, N. Y., July 3.—With everything in readiness to receive the giant dirigible R-34, officers of the Royal Air Force, the United States Navy aviation units and United States Army flyers are constantly on the alert to maintain a perfect organization that will insure the landing of the giant gas bag without mishap.

According to calculations the R-34 is expected to settle down over Roosevelt Field soon after noon on Friday. The R-34 will not establish direct radio communication with Roosevelt Field until within 600 miles of the coast and her sending apparatus will not carry beyond that distance.

The navy aviation unit of 200 men will corral the big ship the moment she nears the field and make her fast. Seven companies of army aviation ground men will assist in handling the great bag.

Beginning tonight scores of searchlights will send up ribbons of light and wig-wag their signals of location. The arrival of the R-34 will make the Fourth a memorable day here and army officers and civilians are preparing to handle an enormous crowd.

## FAT HOG PRICES AGAIN ADVANCE

(By Associated Press)

Chicago, July 3.—For the third time this week all record high prices were broken today in the hog market here.

The top figures were \$22.25 a hundredweight, a jump of 15 cents since yesterday.

Ruth Cruger (above), Alfredo Cocchi and Marie Cocchi.

Alfredo Cocchi, in whose bicycle shop in New York Ruth Cruger was slain on February 13, 1917, is now on trial in an Italian court, charged with the crime. At the time of his arrest two years ago Cocchi admitted his guilt. He now swears that his wife "not he, but the young man" is the slayer.

## FINAL DEMOBILIZATION SET FOR SEPTEMBER 30

Present Forces in France to be Rushed Home and Discharged.

Peace Strength September 30 to be 233,308.

(By Associated Press)

Washington, July 3.—Orders for the demobilization of the army by September 30th to the peace time strength of approximately 233,308 officers and enlisted men authorized by the national defense act, were issued today by the War Department.

By that date all officers of the regular army must be returned to their permanent grades and officers holding commissions only for the emergency including applicants for permanent appointments must be discharged.

The National Defense Act authorized a total of 169,493 officers and men for the line and 63,815 officers and men for the staff corps and department. A reduction of the military establishment to these figures would be 100,000 below the strength authorized in the 1929 army bill but officials explained this reduction would be necessary to compensate for the heavy excess now existing over the authorized total.

Announcement that the army would be reduced to less than 240,000 officers

and men by September 30th was accepted here to mean that definite plans had been made for withdrawing practically the entire American expeditionary forces before many weeks.

The number of men necessary to garrison domestic forts and the defense of the insular possessions would be almost the total of the authorized peace time total.

## GUARDING HOMES AGAINST ATTACK BY BOMB FIENDS

Threats of July 4th Outrages Call for Extra Precautions

(By Associated Press)

New York, July 3.—The Fifth Avenue homes of former United States Senator William A. Clark, Cornelius Vanderbilt, Andrew Carnegie, Henry C. Frick, Mrs. Finley J. Shepard, Vincent Astor and other persons of wealth, together with the city hall and other municipal buildings, are being guarded by the police as a protection against a threatened renewal of the bomb outrages of May 1 and June 4, it was learned today.

Brigadier General Dyer of the New York State Guard, has issued instructions to regimental commanders for speedy mobilization in event of any radical demonstration tonight or tomorrow.

## FIGHT RETURNS AT THE HERALD

Complete returns on the Willard-Dempsey bout at Toledo, Friday afternoon, will be issued in bulletin form from The Herald office as the fight progresses.

In order to meet the demand for a correct report of the bout as speedily as possible, The Herald has arranged for continuous wire service from the beginning of the bout until it ends, and frequent bulletins will be posted giving results.

The fight, it is announced, starts at 3:00 o'clock Central time, which will be local time.

## WHEAT RECEIVED TESTS NUMBER 1

Some of the S. F. Snyder wheat received at the Fayette Grain Company's plant Wednesday afternoon, tested Number one, for which grade \$2.13 is being paid.

The first wheat coming in from the Snyder farm graded No. 3, due to moisture, and the later wheat graded No. 1, with indications that the bulk of it would be placed in the same grade.

The belief existed among Fayette county farmers that little if any of the Fayette county wheat would be in No. 1 grade, but this has been definitely proven erroneous by the Snyder wheat—the first to be sold in this city so far this season.

## HARRY F. BROWN SELLS BIG FARM

Hon. Harry F. Brown has disposed of his large farm of 537 acres on the Selsor pike, four miles northwest of Sedalia, in Madison county, to Hon. Frank C. Parrott, of this city, and W. L. Stinson, of Greenfield.

The farm, formerly the Selsor estate, is one of the best improved and most desirable farms in Lower Madison county, and the price paid by the new owners is said to have been above the average, due to the well improved condition of the farm and the richness of the soil.

President Wilson wants no demonstration upon his arrival in America.

## SAY SMALL GRAINS IN MUCH OF WHEAT

A great many small grains of wheat are reported in the yield this year, farmers who have started their threshing report.

As a result of the large number of small grains it is expected that many yields will be reduced several bush-

els per acre from the estimated yield. Threshing will not become general before the first of the week, it is announced, although many of the numerous machines in the county will begin this week.

J. W. Berry, an old-time harness man of Huntington, W. Va., and well known for miles around, resides at 1421 Seventh Avenue. In open letter to the public he says: "I have suffered for years with indigestion. Food that I ate soured in my stomach, causing gas and never a week passed but what I had a severe headache. I read Dr. Parker's advertisement and on my way home, bought a box of his Treatment for Indigestion, and I will say frankly that it has been a God-send to me. I have no more headache and am not bothered with indigestion, which was the cause of all my sickness. I eat everything that I care for without bad results, which formerly I could not do. If I think that I have eaten more food than my stomach can properly digest, I take a dose of Dr. Parker's Treatment, which helps digest my food, and by doing so, I have never felt any bad effects from eating too much. I always keep a box of Dr. Parker's Treatment in my home. I have told many of my friends about it and also told them if it was not just what I recommended it, I would, myself, give their dollar back which they paid for the medicine."

This gives you a double guarantee for Dr. Parker, after years of specializing in stomach ailments, absolutely guarantees his treatment for Indigestion and Constipation. Your dollar back if not satisfied with results from a half box. Sold at all druggists. Advt.

## The Fourth

Tomorrow is July 4th—Independence Day—the day upon which all Americans, everywhere, commemorate, with appropriate services, the founding of the republic joyfully acclaim their thanksgiving and thoughtfully reconsecrate themselves to the maintenance and development of the institutions of this free government the greatest blessing which ever descended to mankind.

It is particularly important that tomorrow we bring home to ourselves the realization of our blessings.

There should be no check on proper expression of the joyful impulses which fill the hearts of a grateful people. It is entirely fitting that the activities of the day should be such as stimulate and emphasize our joy in the possession of our real wealth.

This year there is no need to check the use of fire crackers and fire works. The "boys," young and old, are with us, the world has been saved from the savagery of the Huns and where one year ago today, we read that the armies of civilization were taking up new positions in the battle zones to better withstand the anticipated offensives of the Huns, of America's amazing activity in war, which had, at that time, landed more than two million fighting men in France, while we were thankful then that we could do, and were doing, so much for the cause of liberty throughout the world, today we read of the America's amazing activity in withdrawing troops from overseas, the victory won.

There is still a tremendous work to do—America's part in solving the world problems of peace is destined to be an enormous one, second to that of no nation on earth. America faces these new tasks with the same consciousness of victory that she faced those other problems of a darker time.

The most encouraging fact is our possessions and the consciousness of the mastering power of right.

Not since July 4th, 1776 has America observed her national birthday, with more cause for joyful thanksgiving, with graver responsibilities, with greater need for a full appreciation of our duties and the immensity of the problems we face than tomorrow brings.

America is entering upon a new era in the life of the world. We must conscientiously and determinedly face the future.

Great sacrifices, individual and national, have been made that the torch of liberty be kept burning.

The only way to express appreciation of these sacrifices is by realization of the blessings they have made secure and by carrying forward the work for which men have given their lives and a nation has given its billions of wealth.

The lesson taught should not be forgotten in the joy of the occasion. We have learned to work and to preserve that which has been won.

## Can it Be Possible?

Scare crows, long poles, from which streamers fly, placed in the trees nor even the fruit pickers, large or small, prove sufficient to keep the impudent and insistent robins from gathering their full share of the cherry crop.

They fly in and out of the cherry trees all day long, by the scores, every red breasted forager bearing in his bill, on each outward trip, a ripe red cherry, which is consumed in company with comrades, in a quiet sector of lawn near to the coveted cherries, and from which the hundreds of daily raids can be conducted.

There is, in the amount and the tone of the discussion which the robins carry on, as they enjoy the stolen cherries or prepare for another dash into the danger zone, much to create a suspicion that there is a mite of real "cherry bounce" to accumulated from the day long feasts, and that our old comrades, the cheery robins, are "addicts."

The discussions among the robins seems materially stimulated during cherry time and then there is that insistence with which they boldly set at defiance all of man's prohibitory orders and contrivances which, we are loath to say, strengthens the fear that there is just a little something out of the ordinary in the attraction which the juice of the cherry has for the robins.

It is to be hoped, especially now since the nation has become dry, that the patriotic little robins may be cleared of suspicions, their conduct gives rise to, by the decree of food experts and dieticians.

But even if our fears are well grounded the robins never get into serious difficulties. There doesn't seem to be "a cross word" in the whole crop of cherries so far as the robins are concerned.

## POETRY FOR TODAY

JULY 4 — JULY 14  
1776. 1789.

(The outstretched hands of the Fatherless Children of France are linking these two days together.)

Two day blazed white for all the world.

Two sentinels upon the farflung path  
That Freedom's feet have trod!

Two Peoples marked them with the  
faded sign—

The crimson chiasm of abiding faith  
That Liberty is God—

Is God, or that great part of Him  
That, lingering in the human race,  
Lifts man above the beast—

That spark of godhead in whose flame  
Struck to white heat, men's awakened  
souls

From bondage are released.

These days are calendared in gold.

And one is our own glorious Fourth.

When we unshackled our steel  
And one—it is that marvel day  
When France, with bleeding hands,  
tore down

The shame of her Bastille.

For we passed on our torch, and  
France,

Our helper, caught and bound it fast  
With her tri-colored bars,

And on these two White Days we  
stand.

Two Peoples, but one patriot soul,  
And lift together that same Freedom  
torch

To kindle at God's stars!

## LALLEY LIGHT and POWER

Saves the Wife's Strength

In a dozen ways, Lalley Electric Light and Power saves time and labor and strength for the farm wife.

With a Lalley in the basement, for example, the days of carrying water are over. For Lalley supplies the power to pump water to the kitchen, the wash house, the dairy—anywhere.

C. A. Larson, Holdrege, Neb., says the Lalley is one of the best investments he ever made.

"We are well pleased with the splendid light, and the power for pumping water all through the house, and operating the washing machine and other light machinery. Also the immense amount of work it saves in not having to wash dirty lamp globes and carry water."

Otto Fromm writes from Chapman, Neb., that his wife says she'd rather be without an automobile than their Lalley plant.

"My wife is rid of the daily task of cleaning and filling

Lalley saves women the heavy work every day of the week—washing, ironing, sweeping, separating cream, churning. As there are no lamps to be filled or trimmed many thousands of hours a day are saved.

But let Lalley owners themselves tell you the story. They are much better qualified than we are.

kerosene lamps," says G. A. Lamont, Glidden, Ia. "When wash day comes her washing-machine and the Lalley save her two or three hours of the hardest work a woman has to do."

"Lalley saves the women a lot of time in cleaning and filling lamps," writes J. D. Barr, Farm Liberty, Neb.

"It also sweeps the house with a vacuum cleaner."

On your farm, the Lalley will do the same saving as on others.

We want you to see the plant—here or at your home.

## Centenary Celebration Columbus

Described by William C. Freeman, Associated with Paul Block, Inc., New York, Chicago, Detroit, Boston.

I have never been "upstairs" in a flying machine.

It must be a wonderful sensation to sail along through the air between Heaven and earth.

Bird-men fly over the State Fair Grounds at Columbus where the CENTENARY CELEBRATION is taking place.

I don't know whether they purposely plan their air-sailing routes to take in the great panorama at the State Fair Grounds, but I notice when they fly over this inspiring scene they turn about again and again, seemingly greatly attracted and impressed.

What man has done in producing the flying machine, the submarine, wireless telegraphy, the telephone, the automobile, the tractor and the many other wonderful things of the world—has been fairly matched by the composite genius of many minds in producing the CENTENARY CELEBRATION COLUMBUS.

So many unusual, instructive, appealing and delightful things have been assembled in this CENTENARY CELEBRATION COLUMBUS that you will marvel at them just as we have all marveled at the genius of man in uniting God's power with his, for the betterment of the world, as has been done in hundreds of ways.

But the greatest of all benefits that comes of uniting God's power with man's is THAT WHICH LIFTS MEN AND WOMEN TO THE PLANE OF APPRECIATION OF LIFE, its duties and its beauties.

To see former cannibals and head hunters live like civilized beings gives one confidence in humanity.

Ohio people should be very proud of their great Coliseum at the State Fair Grounds, Columbus—a building that seats 7,500 people and has such splendid acoustic qualities that the voice carries perfectly to all parts of it and is heard distinctly.

To divert just a moment:

Ohio people should also be very proud of the great Oval Amphitheatre at the State Fair Grounds where more than 50,000 people can be seated comfortably.

I don't know how many other places there are in America where 50,000 people can be seated to see part of a Great Exposition, but there are not many, that's certain, so the State of Ohio may be counted as a Great Leader in producing at its Capital such splendid facilities for the entertainment of her people.

No wonder the managers of the CENTENARY CELEBRATION SELECTED COLUMBUS as the place to display its marvelous exhibits.

Now let me return to the Pageant. Directly in front of the stage stands one of the greatest pipe organs of the world, purchased for this CENTENARY CELEBRATION COLUMBUS.

YOU MUST HEAR IT. You must see the master organist whose touch with hands and feet brings to your ears wonderful music sounds—harmonious and inspiring—from all nooks and corners of the great Coliseum.

Surrounding the organ is the Cincinnati Symphony Orchestra of 75 pieces.

Have you ever heard this wonderful Orchestra?

If not, do so by all means. You can listen to it for hours and get joy and thrills out of every minute.

Topping off all this—a great chorus of colored folks, on one side of the Coliseum, and a great chorus of white folks, on the other side, totaling 3,000, join in a wave of song that will lift you to your feet when you hear it.

OH, THIS PAGEANT IS REALLY WONDERFUL.

And this, mind you—as big and as inspiring as it is—is only a part of this Great Exposition.

Don't you want to see it? Don't you want to hear the grand, inspiring music?

You can see it for 50 cents—and

## RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Honoring her pretty young niece, Ruth Carlton Evick, of Columbus, Mrs. Glenn Rodgers delightfully entertained eighteen little girls at a beautiful lawn party, Wednesday afternoon.

A peanut hunt and favorite outdoor games were merrily engaged in and the hostess served a tempting luncheon of the delicacies children best like.

The lawn presented a charming scene, with the pretty honor guest, in dainty white veil, with blue ribbons, the center of the happy group.

Mrs. Rodgers was assisted by Mrs. S. A. Murry and Mrs. Ralph Penn. Mrs. Arthur Priddy, of Manchester, N. Ca., was an out of town guest.

The guests were: Jean Bay Marjorie and Kathleen Penn, Dorothy and Florence Mabel Sparks, Mildred Thompson, Mary and Caroline Bireley, Mary and Erma Shepler, Jean Michael, Claribel Worrell, Rosemary Burgett, Wilhelmina Sprenger, Janet Whelpley Mary Louise Mark, Frances Martin, of Dayton.

Mr. and Mrs. G. B. Franklin and son returned Wednesday evening from Columbus, where Mr. Franklin met his family, enroute from New York following his return from overseas service. They will spend several days at the Jenkins' home before leaving for Savannah, Ga., to visit Mr. Franklin's relatives.

Later in the season Mr. Franklin takes his family to Evansville, Ind., where he will take charge of the English department of the Evansville University and Mrs. Franklin takes the position of Dean of Women.

The Evansville University is the new name given to "New College," a Methodist Institution a century old, which is now being put on new educational basis by the M. E. Centenary and moved from Moore's Hill to Evansville. In order to secure this change and the new name Evansville gave one million dollars for its maintenance. The M. E. Church gives a quarter of a million and the Carnegie Corporation finances the new Americanization department. Another new department introduced is that of rural economics for the benefit of Southern Indiana.

Mrs. Charles Crone extended the hospitality of her home on the Circleville pike for the West Holland Missionary meeting Wednesday afternoon.

Forty women found the afternoon one of unusual enjoyment and much amusement was afforded in the new

Idea of the "apron invitation". Each woman was asked to wear an apron and put initials pockets as many pennies as the waist measured inches. The sum of \$11.65 was turned in and there is more to come.

Mrs. Dudley Crone assisted the hostess in the serving of appetizing refreshments.

Fragrant with tea roses and sweet peas and the heat of the day shut out. Mrs. H. M. Rankin's home was most inviting Thursday afternoon, and Mrs. Rankin filled the role of hostess admirably at one of the week's suffrage teas.

Fifteen women listened with much interest to the talk made by Mrs. G. B. Franklin, introduced by Mrs. D. S. Craig.

Mrs. Franklin is always a forceful, concise speaker and is in touch with present day issues affecting women to an unusual degree. The two principle subjects she discussed were the need of a social survey for this county and the school drive scheduled for the second week in September.

All towns of 10,000 or more need this social survey and the Russell Sage foundation is sending a special man, Francis H. McLean, to study county problems and map out programs, social economic and financial. The State Red Cross department has written explaining this survey and asking that it be made.

Mrs. Rankin also outlined other things in which the Woman's Suffrage organization could help at once.

Mrs. Rankin served a refreshing collation. Mrs. Warren Hicks assisted in the hospitalities and the guests lingered in social chat.

Mrs. J. N. McFadden brought together a dozen relatives for an enjoyable little afternoon affair all the more appreciated because of its family ties. It was quite informal, with dainty refreshments served. Mrs. F. M. Gregg, of Peru, Neb., was an interesting guest from a distance.

Miss Rose McLean extended her proverbial hospitality in delightful fashion to the Woman's Guild of the First Presbyterian Church at their fortnightly Kensington Wednesday and was happily assisted by Mrs. Ione Bryant.

There was quite a large attendance and the pleasure of the afternoon enhanced by summer flowers a dainty Summer collation and cooling punch.

Twenty-four young people formed a jolly picnic party motoring to Clifton for supper, Wednesday evening.

Those in the party were: Misses Eleanor Jones, Isabelle O'Neal, Helen Baker, Jessie Sunkle, Ruth Hagler, Marie Robinson, Dorothy Dick, Florence Bliss, Mary Hagler, Virginia Campbell, Mary Dahl, and Edith Worthington; Arnold and Edwin Shoop, Walter Weaver, Joseph Wilson, Richard Haynes, Richard and Willis Willis, Willard Perrill, Sherman Brownell, Joseph McDonald, Howard Harper and Howard Gregg.

The July meeting of the Woman's Foreign Missionary Society of Grace M. E. Church, was held at the home of Mrs. Norman McLean and daughter Miss Fannie Wednesday afternoon with the officers as assisting hostesses. Added interest was given by a splendid attendance and several guests.

In the absence of the program leader, Mrs. E. Chorrington, an excellent program was prepared by Mrs. J. B. Worthington, telling the Jubilee story of the fourth decade, and the wide open door of the Foreign Missionary Society.

Mrs. C. S. Haver and Mrs. C. A. Stafford gave readings concerning the goal of the Centenary.

Mrs. S. E. Adams led the devotionals and Mrs. Will Reif was welcomed to the membership role.

Victrola music was added to the occasion. A social hour followed and dainty refreshments were served.

Fifty friends with well-filled baskets gathered at the home of Mrs. Leontine Hurr, Wednesday evening, and enjoyed a picnic supper in honor of her brother, Dallas D. Hess, recently returned from over seas.

Music for dancing was furnished by the Victrola.

Miss Edith Hess, of Cincinnati, a sister of the honor guest, was an out of town guest.

Misses Ruth Davenport and Helen Dixon went to Columbus, Thursday evening to reunion over the Fourth at the Centenary.

## Big Crowds are Pouring Into Toledo.

(By Associated Press)

Toledo, July 3. — The meeting of the principals and various officials of the Willard-Dempsey championship bout here tomorrow to decide upon the rules to govern the contest, passed without a hitch.

It was decided that Willard and Dempsey should box according to the Marquis of Queensbury rules with the kidney punch barred.

In clinches the men may box and protect themselves until the referee orders them to break, at which command they must step back without hitting in the break-away.

In all other respects the same rules which have governed heavyweight championship contests of the past will be in force.

Immense crowds were arriving today and many are expected to arrive on special trains due late tonight and early tomorrow.

## CANNOT MARRY HUN WOMEN

(By Associated Press)

Coblenz, July 3. — Marriages between American soldiers and German women are forbidden by the army regulations pending ratification of the peace treaty by the United States and Germany.

The Judge Advocate's department of the American forces on the Rhine tonight handed down a decision declaring marriages under present conditions are illegal on the grounds that the United States technically still is at war with Germany.

## THINK FIRECRACKERS STARTED BARN FIRE WEDNESDAY EVENING

Fire of unknown origin at 3:45 Wednesday afternoon almost totally destroyed a barn belonging to Roy Flowers on the rear of the Flowers lot on Columbus Avenue, and for a time threatened to spread to several adjoining properties. It is thought the fire may have been started by the shooting of firecrackers by some one passing through the alley.

The flames had gained considerable headway before the fire department arrived on the scene and a tin roof on the barn prevented the fire from spreading to several adjoining buildings. Both the Flee residence and the Johnson property caught fire at different times due to flying sparks, but further damage was prevented by the firemen. The new bungalow which is being erected by Mr. Flowers was undamaged. A large quantity of material in the barn was destroyed.

This is the third of the series of recent fires and the city firefighters are resting easy, fully confident that there will be no more calls for some time to come.

## COLORED OUTFIT COMING SUNDAY

Although Manager Carl Noon has experienced delay in securing a game for Sunday afternoon, he has been able to get a game with another Camp Sherman outfit. The Athletics will play the 418th colored battalion, a team which comes here under the personal recommendation of Mike Greal, is the baseball manager of the big camp.

The team is also recommended by Adams, the Athletics heavy hitter who spent several months in the services.

The batteries for the teams will be Pettyjohn and Williams for the 418th Battalion, Morris, Reno and Turner for the locals.

The Camp Sherman team will come here in charge of Lieutenant Lawrence A. Oxley, of the Morale Office.

## S. S. WILL PICNIC IN PROCTOR WOOD

The Sunday School of the First Baptist Church is to have an all day's outing and picnic Friday the 4th, at the Proctor Farm North of town.

All members of the Sunday School and their friends are invited to enjoy the day in the open.

Bring gloves and bats for the ball game. And your horse shoes for a good pitch. The sack race will be enjoyed by all. Good swings will be provided for the boys and girls.

Those who do not have an auto will meet at the church from 8 a. m. till 8:30 where they will be met by some one with an auto and taken to the place of the picnic.

The picnic dinner has been provided for by the classes of the Sunday School.

## AFFIRMS JUDGMENT OF LOWER COURT

The Fayette County Court of Appeals, in the case of Jacob L. Jamison et al., plaintiff in error, against Mary Jane Schwartz, et al., defendant in error, has affirmed the decision of the Fayette County Court of Common Pleas, holding that: "as against the Jamisons, the plaintiffs in the court below were entitled to register their title."

John Logan represented the plaintiff in error, and Hidy and Sanderson the defendant in error.

The action grew out of the construction of the will of Melissa A. Curran, deceased.

## IS FACING CHARGE IN JUSTICE'S COURT

Deputy Sheriff Nelson Wednesday afternoon arrested Frank Reeves on an affidavit filed by Mary Sams.

Reeves is said to have made his home in Pickaway county but when taken into custody was working on a farm about five miles south of New Holland.

The accused gave bond in Justice T. N. Craig's court and will appear for trial on Wednesday of next week.

The plaintiff is represented by Lee Rankin. C. A. Reid has been retained by the defense.

## DIVORCE GRANTED

Judge Brown in probate court has granted a divorce to Eleanor Lutz Hunsicker from C. Webb Hunsicker, of Woodlyn on the ground of gross neglect of duty. The plaintiff was restored to her maiden name and alimony was allowed her, the settlement being made out of court.

Abernethy & Simkins represented the plaintiff and Meeker Terwilliger the defendant—Circleville Union Herald.

**AMERICAN MEN  
AND WOMEN IN  
FIGHTING TRIM**

**They Keep To The Top  
Notch of Health**

The spirit of the times demands perfect health and nerves, and keeping them up to the highest degree of efficiency.

Wise men and women have learned that it does not pay to allow health or nerves to run down and are quick to take advantage of nature's greatest red blood and nerve tonic, Phosphated Iron, the minute they feel they are slowing up.

Whatever your work may be there is no reason why it should continue to tire you. Work should only use the right amount of your energy. It is trying to work on your nerves and forcing yourself that wastes your strength, runs you down, gives you those restless nights, loss of appetite and indigestion, when you get up in the morning as tired as when you went to bed.

There is no sense in anyone being a victim of ill health, nerves, overwork, nerves or the blues when Phosphated Iron will afford such prompt and permanent relief.

All over the country men and women in every walk of life say their good health, strength and nerves of iron to the use of Phosphated Iron, the red blood and nerve builder, and it will also put you on your feet, make you feel like a live one. It produces results that last. That's what counts, no "ifs" about it.

To insure physicians and their patients getting the genuine Phosphated Iron we have put it in capsules only. Do not take pills or tablets. Insist on capsules.

## ALL NOW READY FOR BOUTS HERE

Chic Saylor promoter of the boxing and wrestling bouts here Friday arrived in town Thursday morning to complete arrangements for the big show Friday afternoon at the ball park. He states that all of his men to appear on the Fourth are in the best of shape and ready to go some.

It was announced that the roped ring on which the former bouts were held will be set up and every thing will be in shape when the gong sounds at two o'clock.

Perhaps it may be of interest to those who are interested in the Willard-Dempsey mix-up that Saylor is of the opinion that Dempsey will win the decision over the champion. The returns of this fight will be given out round by round at the ringside of the local match.

Indications are that a large number of persons will witness the bout here Friday afternoon; including a goodly number of women.
